Westminster Bridge and Houses of Parliament. The Houses of Parliament, with Westminster Hall, form a single pile of buildings, erected in 1840 from Sir Charles Barry's design. The earlier Palace of Westminster was burned down in 1834. In the Clock Tower, next to Westminster Bridge, hangs "Big-Ben," a bell weighing 13 tons. Westminster Bridge is one of the handsomest bridges in London, and was erected 1856-62.
